To whom it may concern

Subject: Letter of no objection related to “Hygiene and Environmental Care for Tanks and Overhead Reservoirs” (HECTOR) in Cambodia developed by Expert365 Pty Ltd., Australia.

As the designated responsible entity of the Royal Government of Cambodia, the National Authority for Greenhouse Gas Emission Reduction Mechanisms hereby informs you that it has no objection to “Hygiene and Environmental Care for Tanks and Overhead Reservoirs” (HECTOR) in Cambodia. The project is eligible to apply for the authorization of GHG ERs generated by the project, pursuant to the provisions and processes outlined in the Article 6 Operations Manual of Cambodia.

While this Letter of No Objection does not constitute a guarantee that any GHG ERs generated by the project will be authorized by the National Authority for International transfer under Article 6 of the Paris Agreement, this Letter of No Objection forms the basis to conclude Letter of Authorisation (LOA) which will be formalised in the presence of authorised signatory.

We wish to see the progress of HECTOR project that has significant impact to rural Cambodia.” *Amz*
